— CONTRACT —

Oversized graphic patterns, geometric lines, maze motifs, a broad palette of colours... Lelièvre Paris's Contract Collection Numéro 25 collection draws inspiration from Greek mythology, the majestic columns of antique palaces, their wealth and opulence, their vast proportions and their dazzling light.

Quality embossed materials in matt, sparkly or semi-glossy finishes; natural drapes and enveloping shapes — these are some of the defining features of this new collection that equally surprise and entice, with unique designs and a palette of bold statement colours.

The Numéro 25 collection is woven at Lelièvre's own mill near Lyon, France.

Numéro 25

Hera

4258

Featuring a large and structured two-colour geometric pattern, representing a maze and boasting a satiny matt finish that creates a play of light, HERA incorporates a deeply embossed texture giving it a slightly swollen aspect.

The fabric drapes spectacularly well and has a wonderfully natural feel achieved thanks to a technical feat developed at Lelièvre's mill. Its bold palette of colours provides the possibility for strong, daring compositions. It is truly the masterpiece of the Numéro 25 collection.
